

**CITY OF STEAMBOAT SPRINGS, COLORADO**

**RESOLUTION NO. 2023-51**

**A RESOLUTION APPROVING THE SERVICE PLAN FOR  
MOUNTAIN AREA METROPOLITAN DISTRICT NOS. 1-6**

A. Pursuant to Section 32-1-204.5, C.R.S., as amended, and Section 13-203 of the City of Steamboat Springs Municipal Code (“**City Code**”), a Service Plan (“**Service Plan**”) for the proposed Mountain Area Metropolitan District Nos. 1-6 (“**Districts**”) has been submitted to the City Council (“**Council**”) of the City of Steamboat Springs, Colorado (“**City**”) and a copy thereof is attached hereto as Exhibit “A”.

B. Pursuant to the provisions of Title 32, Article 1, C.R.S., as amended, and the City Code, the Council scheduled a public hearing on the Service Plan for the Districts on August 22, 2023.

C. Notice of the hearing before the Council on August 22, 2023 was duly published in the *Steamboat Pilot and Today*, a newspaper of general circulation within the City, on July 28, 2023, as required by law, and forwarded to the petitioners, the Division of Local Government, and the governing body of each municipality and Title 32 Special District that has levied an ad valorem tax within the next preceding tax year and that has boundaries within a radius of three miles of the Districts.

D. The Council has considered the Service Plan and all other testimony and evidence presented at the hearing.

E. The Council finds that the Service Plan should be approved unconditionally, as permitted by Sections 32-1-203(2) and 32-1-204.5(1)(a), C.R.S., as amended, and the City Code.

F. The Council has determined to incorporate an Intergovernmental Agreement as Exhibit H to the Service Plan (the “Intergovernmental Agreement”) to address certain additional matters.

**NOW, THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF STEAMBOAT SPRINGS, COLORADO:**

1. The Council hereby determines that all of the requirements of Title 32, Article 1, Part 2, C.R.S., as amended, relating to the filing of the Service Plan for the Districts have been fulfilled and that notice of the hearing was given in the time and manner required by law.

2. The Council further determines that all pertinent facts, matters, and issues were submitted at the public hearing; that all interested parties were heard or had the opportunity to be heard and that evidence satisfactory to the Council of each of the following was presented:

(a) There is sufficient existing and projected need for organized service in the area to be serviced by the proposed Districts;

(b) The existing service in the area to be served by the proposed Districts is inadequate for present and projected needs;

(c) The proposed Districts are capable of providing economical and sufficient service to the area within the proposed boundaries; and

(d) The area to be included in the proposed Districts has, or will have, the financial ability to discharge the proposed indebtedness on a reasonable basis.

3. The Council hereby approves the Service Plan for the Districts as submitted.

4. The Council hereby approves the Intergovernmental Agreement in substantially the form set forth as Exhibit H to the Service Plan; however, such Intergovernmental Agreement may be completed, corrected or revised as deemed necessary by the parties thereto in order to carry out the purposes of this resolution and as the President shall approve, the execution thereof being deemed conclusive approval of any such changes by the City. The President is hereby authorized and directed to execute the Intergovernmental Agreement for the City and the City Clerk is hereby authorized and directed to affix the seal of the City to the Intergovernmental Agreement and to attest the Intergovernmental Agreement.

5. This Resolution shall be filed in the records of the City and a copy thereof submitted to the petitioners for the District for the purpose of filing in the District Court of Routt County, Colorado.

6. All prior resolutions or any parts thereof, to the extent that they are inconsistent with this Resolution, are hereby rescinded.

7. This Resolution shall be effective as of the date of its adoption.

**PASSED, ADOPTED AND APPROVED** this 22<sup>nd</sup> day of August, 2023.

*Robin Crossan*

**Robin Crossan, President Steamboat Springs  
City Council**

## **I. INTRODUCTION**

### **A. Purpose and Intent.**

The Districts are independent units of local government, separate and distinct from the City, and, except as may otherwise be provided for by State or local law, the Intergovernmental Agreement, the Public Improvements Agreement or this Service Plan, their activities are subject to review by the City only insofar as they may deviate in a material matter from the requirements of the Service Plan. It is intended that the Districts will provide a part or all of the Public Improvements for the use and benefit of all anticipated inhabitants and taxpayers of the Districts. The primary purpose of the Districts will be to finance the construction of these Public Improvements by the issuance of Debt.

The Districts are intended to provide ongoing operations and maintenance services as expressly authorized in this Service Plan, and in the Intergovernmental Agreement and the Public Improvements Agreement.

### **B. Need for the Districts.**

There are currently no other governmental entities, including the City, located in the immediate vicinity of the Districts that consider it desirable, feasible, or practical to undertake the planning, design, acquisition, construction installation, relocation, redevelopment, and financing of the Public Improvements needed for the Project. Formation of the Districts is therefore necessary in order for the Public Improvements required for the Project to be provided in the most economic manner possible.

### **C. Objective of the City Regarding Districts' Service Plan.**

The City's objective in approving the Service Plan for the Districts is to authorize the Districts to provide for the planning, design, acquisition, construction, installation, relocation and redevelopment of the Public Improvements from the proceeds of Debt to be issued by the Districts and other legally available revenues of the Districts. All Debt is expected to be repaid by taxes imposed at a mill levy no higher than the Maximum Debt Mill Levy and collected for no longer than the Maximum Debt Mill Levy Imposition Term, and/or Fees and other pledged revenue sources legally available to the Districts, including private and public funding contributions. Debt, which is issued within these parameters and as further described in the Financial Plan, will insulate property owners from excessive tax and Fee burdens to support the servicing of the Debt and will result in a timely and reasonable discharge of the Debt.

## **II. DEFINITIONS**

In this Service Plan, the following terms shall have the meanings indicated below, unless the context hereof clearly requires otherwise:

Approved Development Plan: means a plat of subdivision, planned unit development agreement, development plan or agreement, subdivision improvement agreement, or other

land use approval of the City that, among other things, identifies Public Improvements necessary for facilitating development for property within one or more of the Districts.

Base Area Contribution: has the meaning set forth in the Public Improvements Agreement.

Board: means the board of directors of each District.

City: means the City of Steamboat Springs, Colorado.

City Council: means the City Council of the City of Steamboat Springs, Colorado.

Contingencies: has the meaning set forth in the Public Improvements Agreement.

Debt: means any bond, note, debenture, contract, or other financial obligation of the Districts which is payable in whole or in part from, or which constitutes a lien or encumbrance on the proceeds of ad valorem property tax and/or Fee imposed by the Districts; except for (i) any note or other financial obligation that is payable in whole or in part from, or which constitutes a lien or encumbrance on the proceeds of ad valorem property tax imposed by the Districts which is issued by a District to the SSRA or its designee to evidence the Districts' obligation to pay the Base Area Contribution, and (ii) any intergovernmental agreements among the Districts providing for a multiple fiscal year pledge of revenues to or among the Districts to provide revenues to support the payment of a note or other financial obligation issued by a District to the SSRA or its designee to pay the Base Area Contribution. Debt does not include contracts through which the Districts procure or provide services or tangible personal or real property without the use of a multiple year financial obligation.

Developer: means Alterra Mtn Co Real Estate Development Inc., a Delaware corporation.

District: means any one of the Mountain Area Metropolitan District Nos. 1-6, individually.

Districts: means the Mountain Area Metropolitan District Nos. 1-6, collectively.

End User: means any owner, or tenant of any owner, of any property within the Districts, who is intended to become burdened by the imposition of ad valorem property taxes and/or Fees. By way of illustration, a resident homeowner, renter, commercial property owner or commercial tenant is an End User. A Developer and any person or entity that constructs homes or commercial structures is not an End User.

External Financial Advisor: means a consultant that: (i) advises Colorado governmental entities on matters relating to the issuance of securities by Colorado governmental entities, including matters such as the pricing, sales and marketing of such securities and the procuring of bond ratings, credit enhancement and insurance in respect of such securities; (ii) shall be an underwriter, investment banker, or individual listed as a public finance advisor in the Bond Buyer's Municipal Market Place; and (iii) is not an officer or employee of any of the Districts and has not been otherwise engaged to provide services in connection with the transaction related to the applicable Debt.

Fees: means any fee imposed by any District for services, programs or facilities provided by the Districts.

Financial Plan: means the Financial Plan described in Section VII which describes (i) how the Public Improvements are to be financed; and (ii) how the Debt is expected to be incurred.

Inclusion Area Boundaries: means the boundaries of the area described in the Inclusion Area Legal Descriptions described in **Exhibits D1-D12**.

Initial District Boundaries: means the boundaries of the area legally described in **Exhibits A1-A6** and depicted on the Initial District Boundary Map.

Initial District Boundary Map: means the map attached hereto as **Exhibit B**, depicting the Initial District Boundaries.

Intergovernmental Agreement: means the intergovernmental agreement between the Districts and the City, a form of which is attached hereto as **Exhibit H**. The Intergovernmental Agreement may be amended from time to time by written agreement of the Districts and the City.

Maximum Debt Mill Levy: with respect to each District, means the maximum mill levy the District is permitted to impose for payment of Debt as set forth in Section VII.C below.

Maximum Debt Mill Levy Imposition Term: with respect to each District, means the maximum term the District is permitted to impose a mill levy for payment of Debt as set forth in Section VII.D below.

Operations and Maintenance Costs: means (1) the costs of ongoing administrative, accounting, and legal services to the District; and (2) the costs of any programming or services provided by the District; and (3) any ongoing operations and maintenance costs of, or the costs of repairs to or replacements of the Public Improvements.

Operation and Maintenance Mill Levy: with respect to each District, means the mill levy the District is permitted to impose for the payment of the District's Operation and Maintenance Costs, as set forth in Section VI.B.3 below.

Project: means the development or property commonly referred to as "Mountain Area."

Public Improvement Fee: means revenue received by any District from a public improvement fee on taxable retail sales transactions or the provision of lodging accommodations occurring within the District, or similar fees imposed by the owner of property in the District on similar transactions.

Public Improvements: means a part or all of the improvements authorized to be planned, designed, acquired, constructed, installed, relocated, redeveloped and financed, as may be

permitted in the Special District Act, subject to the limitations of this Service Plan and the Intergovernmental Agreement, and subject to final determinations by each Board. Public Improvements may include, but not be limited to, those improvements depicted on **Exhibit G**.

Public Improvements Agreement: means the Public Improvements Agreement dated as of August 22, 2023, by and between the City, the SSRA and the SSRC, as amended from time to time.

Service Area: means the property within the Initial District Boundaries and Inclusion Area Boundaries, as depicted on **Exhibit E**.

Service Plan: means this service plan for the Districts approved by City Council.

Service Plan Amendment: means an amendment to the Service Plan approved by City Council in accordance with the City's ordinance and the applicable state law.

Special District Act: means Section 32-1-101, *et seq.*, of the Colorado Revised Statutes, as amended from time to time.

SSRA: means the Steamboat Springs Redevelopment Authority, a Colorado urban renewal authority.

SSRC: means the Steamboat Ski and Resort Corporation, a Delaware Corporation.

State: means the State of Colorado.

Taxable Property: means real or personal property within the Service Area subject to *ad valorem* taxes imposed by the Districts.

Total Debt Issuance Limit: means the combined maximum amount of Debt the Districts may issue, which amount shall be \$150,000,000.

### **III. BOUNDARIES**

The area of the Initial District Boundaries is approximately 0.027 acres. Legal descriptions of the Initial District Boundaries are attached hereto as **Exhibits A1-A6**. A map of the Initial District Boundaries is attached hereto as **Exhibit B**. A vicinity map is attached hereto as **Exhibit C**. The area of the Inclusion Area Boundaries is approximately 30.418 acres. Legal descriptions of the Inclusion Area Boundaries are attached hereto as **Exhibits D1-D12**. A map of the Service Area is attached hereto as **Exhibit E**. It is anticipated that each District's boundaries may change from time to time as it undergoes inclusions and exclusions pursuant to Section 32-1-401, *et seq.*, C.R.S., and Section 32-1-501, *et seq.*, C.R.S., subject to the limitations set forth in Section VI below. The Districts' boundaries shall collectively cover the entire area of the Initial District Boundaries and the Inclusion Area Boundaries prior to issuing any obligation to the SSRA or its designee to pay the Base Area Contribution.

**IV. PROPOSED LAND USE/POPULATION PROJECTIONS/ASSESSED VALUATION**

The Service Area consists of approximately 30.45 acres of residential and commercial land. The current assessed valuation of the Service Area is \$5,633,270 for purposes of this Service Plan and, at build out, is expected to be sufficient to reasonably discharge the Debt and the Base Area Contribution under the Financial Plan. Development within the property is expected to consist of up to 200 apartments, and 220 condominiums, for a total of 420 residential units, 240 hotel units, and 65,000 sq. ft. of commercial space. Based upon an estimated 2.0 persons per residence, the population of the Districts at build-out is estimated to be approximately 840 people.

Approval of this Service Plan by the City does not imply approval of the development of a specific area within the Districts, nor does it imply approval of the number of residential units or the total site/floor area of commercial or industrial buildings identified in this Service Plan or any of the exhibits attached thereto, unless the same is contained within an Approved Development Plan.

**V. DISTRICT GOVERNANCE**

Each District’s Board shall be comprised of persons who are a qualified “eligible elector” of the District as provided in the Special District Act. It is anticipated that, over time, the End Users who are eligible electors will assume direct electoral control of each Board as development of the Service Area progresses. The Districts shall not enter into any agreement by which the End Users’ voting authority is abridged.

**VI. DESCRIPTION OF PROPOSED POWERS, IMPROVEMENTS, AND SERVICES**

A. General Grant of Powers.

The Districts shall have the power and authority to provide the Public Improvements, including design review and covenant enforcement services, within and without the Service Area, as such powers and authorities are described in the Special District Act, other applicable State law, common law and the Colorado Constitution, subject to the prohibitions, restrictions, and limitations set forth in this Service Plan.

If, after the Service Plan is approved, any State law is enacted to grant additional powers or authority to metropolitan districts by amendment of the Special District Act or otherwise, such powers and authority shall be deemed to be a part hereof.

The Districts shall perform operations and maintenance services as set forth in the Intergovernmental Agreement and the Public Improvements agreement, and with respect to the Public Improvements not conveyed or dedicated to the City or other appropriate governmental entity. This provision shall not prohibit the Districts from operating or maintaining Public

Improvements during warranty periods pursuant to City regulations. The following Public Improvements, if constructed by the Districts and intended to be conveyed to the City, shall be conveyed to the City by the Districts in accordance with City regulations: street improvements, Water improvements, and sanitary sewer improvements shall be conveyed to the Mt. Werner Water and Sanitation District in accordance with its regulations.

B. Prohibited Improvements, Services, and other Restrictions and Limitations.

The Districts' powers and authority under this Service Plan to provide Public Improvements and services and to otherwise exercise their other powers and authority under the Special District Act and other applicable State law, are prohibited, restricted and limited as hereafter provided. Failure to comply with these prohibitions, restrictions and limitations shall constitute a material modification under this Service Plan and shall entitle the City to pursue all remedies available at law and in equity:

1. Eminent Domain Restriction. The Districts shall not exercise their statutory power of eminent domain without first obtaining resolution approval from the City Council. This restriction on the Districts' exercise of their eminent domain power is being voluntarily acquiesced to by the Districts and shall not be interpreted in any way as a limitation on the Districts' sovereign powers and shall not negatively affect the Districts' status as a political subdivision of the State as conferred by the Special District Act.

2. Fee Limitation. The Districts shall generally have the authority to impose fees as authorized under Title 32, Article 1, C.R.S., except as limited herein. No District shall receive the proceeds of a Public Improvement Fee or pledge the revenue of any Public Improvement Fee to any Debt without the prior consent of the City Council, which consent shall be evidenced by a resolution of the City Council. Any Fees imposed for the repayment of Debt authorized by this Service Plan shall not be imposed by the Districts upon or collected from an End User. No fees or charges for the provision or availability or connection of potable water services and/or sanitary sewer collection services will be charged by any of the Districts to owners or occupiers of property within the Districts or any End Users, except on a pass-through basis of fees and charges from the Mt. Werner District, since the authority to impose and collect potable water and sanitary sewer tap-on fees and user charges and fees within the Districts shall be reserved only to the Mt. Werner District.

3. Operations and Maintenance. The primary purpose of the Districts is to plan for, design, acquire, construct, install, relocate, redevelop and finance the Public Improvements. The Districts shall dedicate the Public Improvements to the City or other appropriate jurisdiction or owners' association in a manner consistent with the Approved Development Plan and the City Code, provided that nothing herein requires the City to accept a dedication. The City's Community Development Code ("CDC") and other applicable regulations shall govern the dedication of Public Improvements and their acceptance by the City. The Districts are specifically authorized to operate and maintain all or any part or all of the Public Improvements not otherwise conveyed or dedicated to the City or another appropriate governmental entity until such time as the Districts are dissolved.

Each District is authorized to impose a mill levy not to exceed 10 mills to pay Operation and Maintenance Costs (the "Operation and Maintenance Mill Levy"); provided,

however, that if, on or after date of adoption of this Service Plan, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut, or abatement, the Operation and Maintenance Mill Levy may be increased or decreased to reflect such changes, such increases and decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the Operation and Maintenance Mill Levy, as so adjusted, are neither diminished nor enhanced as a result of such changes. For the purposes of the foregoing, a change in the ratio of actual valuations shall be deemed a change in the method of calculating assessed valuation. Revenue derived from the Operation and Maintenance Mill Levy shall not be pledged to the payment of any Debt.

4. Fire Protection Restriction. The Districts are not authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, own, operate or maintain fire protection facilities or services, unless such facilities and services are provided pursuant to an intergovernmental agreement with the City of Steamboat Springs or the appropriate fire district. The authority to plan for, design, acquire, construct, install, relocate, redevelop, finance, fire hydrants and related improvements installed as part of the Project's water system shall not be limited by this subsection.

5. Television Relay and Translation Restriction. The Districts are not authorized to plan for, design, acquire, construct, install, relocate, redevelop, finance, own, operate or maintain television relay and translation facilities and services, other than for the installation of conduit as a part of a street construction project, unless such facilities and services are provided pursuant to prior written approval from the City Council pursuant to the Intergovernmental Agreement or as a Service Plan Amendment.

6. Construction Standards Limitation. The Districts will ensure that the Public Improvements are designed and constructed in accordance with the standards and specifications of the City and of other governmental entities having proper jurisdiction. The conveyance of Public Improvements to the City shall be subject to applicable acceptance procedures of the City. The Districts will own, operate, and maintain the improvements that are not dedicated or transferred to the City, an owners' association, or other appropriate entity, unless otherwise specified in an Approved Development Plan.

7. Inclusion and Exclusion Limitation. The Districts shall not include within any of their boundaries any property outside the Service Area without the prior written consent of the City except upon petition of the fee owner or owners of one hundred percent (100%) of such property as provided in Section 32-1- 401(1)(a), C.R.S. The Districts shall provide the City with notice of any inclusion of property within the boundaries of a District from the Service Area. No District shall exclude from its boundaries property upon which a Debt mill levy has been imposed for the purpose of the inclusion of such property into another District, without the prior written consent of the City, which consent shall be evidenced by resolution.

8. Overlap Limitation. The boundaries of the Districts shall not overlap. The boundaries of the Districts shall not overlap with the boundaries of another district organized under the Special District Act, except as set forth herein, without the prior consent of the City as evidenced by a resolution of the City Council. The parties acknowledge that the boundaries of the Districts as proposed overlap with the boundaries of the Mt. Werner Water and Sanitation District and the City

consents to such overlap.

9. Privately Placed Debt Limitation. Prior to the issuance of any privately placed debt, the Districts shall obtain and provide the City with the certification of an External Financial Advisor substantially as follows:

We are [I am] External Financial Advisor within the meaning of the District's Service Plan.

We [I] certify that (1) the net effective interest rate (calculated as defined in Section 32-1-103(12), C.R.S.) to be borne by [insert the designation of the Debt] does not exceed a reasonable current [tax-exempt] [taxable] interest rate, using criteria deemed appropriate by us [me] and based upon our [my] analysis of comparable high yield securities; and (2) the structure of [insert designation of the Debt], including maturities and early redemption provisions, is reasonable considering the financial circumstances of the District.

For purposes of this Section, "privately placed debt" includes any Debt or annually appropriated obligation that is sold to a private entity, including financial institutions, developers, or other private entities, and which no offering document related to such sale is required. "Privately placed debt" does not include the sale of Debt to an underwriter who purchases Debt from the Districts with a view to the distribution of the Debt to investors.

In no event shall Debt that is privately placed with the Developer or an owner of property within the Districts, or annually appropriated obligation privately placed with the Developer or an owner of property within the Districts bear interest at a rate that accrues at a compounding rate. Each instrument evidencing Debt or an annually appropriated obligation that is privately placed with the Developer or an owner of property within the Districts shall provide that the Districts' obligations thereunder shall be discharged 40 years after the date that such obligation is issued regardless of whether such obligation is paid in full.

10. Total Debt Issuance Limitation. Combined, the Districts shall not issue Debt in excess of the Total Debt Issuance Limit, provided, however, any Debt, including costs of issuance thereof, that is issued to pay, defease, or refund previously issued Debt, and intergovernmental agreements among the Districts providing for a multiple fiscal year pledge of revenues to or among the Districts to provide revenues to support Debt issued by any District shall not count against the Total Debt Issuance Limit, provided that if the aggregate principal amount of Debt issued for refunding purposes exceeds the aggregate principal amount of Debt to be refunded, then the difference shall be counted against the Total Debt Limit. The Districts shall only issue Debt with repayment terms within 40 years of the issue date of such Debt. Any amount of principal and/or accrued interest on Debt that remains unpaid at the conclusion of the collection year following the expiration of the Maximum Debt Mill Levy Imposition Term shall be deemed to be forever discharged (the "Termination Date") regardless of the amount of principal and interest paid prior to the Termination Date. Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy shall be deemed a material modification of this Service Plan pursuant to

Section 32-1-207, C.R.S., and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

11. Sales and Use Tax. The Districts shall not exercise their City sales and use tax exemption.

12. Moneys from Other Governmental or Non-Profit Sources. The Districts shall not apply for or accept Conservation Trust Funds, Great Outdoors Colorado Funds, or other funds available from or through governmental or non-profit entities that the City is eligible to apply for, except pursuant to an intergovernmental agreement with the City. This Section shall not apply to specific ownership taxes which shall be distributed to and a revenue source for the Districts without any limitation.

13. Bankruptcy Limitation. All of the limitations contained in this Service Plan, including, but not limited to, those pertaining to the Maximum Debt Mill Levy, Maximum Debt Mill Levy Imposition Term and the Fees have been established under the authority of the City to approve a Service Plan with conditions pursuant to Section 32-1-204.5, C.R.S. It is expressly intended that such limitations:

(a) Shall not be subject to set-aside for any reason or by any court of competent jurisdiction, absent a Service Plan Amendment; and

(b) Are, together with all other requirements of Colorado law, included in the “political or governmental powers” reserved to the State under the U.S. Bankruptcy Code (11 U.S.C.) Section 903, and are also included in the “regulatory or electoral approval necessary under applicable nonbankruptcy law” as required for confirmation of a Chapter 9 Bankruptcy Plan under Bankruptcy Code Section 943(b)(6).

(c) Any Debt, issued with a pledge or which results in a pledge, that exceeds the Maximum Debt Mill Levy or the Maximum Debt Mill Levy Imposition Term, shall be deemed a material modification of this Service Plan pursuant to Section 32-1-207, C.R.S. and shall not be an authorized issuance of Debt unless and until such material modification has been approved by the City as part of a Service Plan Amendment.

14. Mosquito Control. The Districts shall not have the power to provide for the eradication and control of mosquitos.

C. Permitted Types of Improvements.

The Districts shall have the power and authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, financing, operation, and maintenance of the following Public Improvements within and without the Districts’ Boundaries:

1. Street Improvements. The Districts shall have the power and authority to plan, design, acquire, construct, install, relocate, redevelop, operate, and maintain street and roadway improvements, including, but not limited to, related landscaping, curbs, gutters, sidewalks, culverts, and other drainage facilities, pedestrian ways, bridges, overpasses, interchanges, signage,

median islands, alleys, parking facilities, paving, lighting, undergrounding utilities, grading and irrigation structures, and fiber optic cable conduit, together with all necessary, incidental, and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities. It is anticipated that the Districts will own and maintain street improvements not conveyed to the City, other appropriate jurisdiction, or an owners' association.

Subject to approval by the City of corresponding development plans and available funding, it is anticipated that the Districts will construct, install, and redevelop a number of infrastructure improvements around the base area that were identified as Phase III Project Activities by the Steamboat Springs Redevelopment Authority. It is anticipated that the Districts will own and maintain the portions of these street improvements that are not conveyed to the City, another appropriate jurisdiction, or an owners' association.

2. Water Improvements. The Districts shall have the power and authority (i) to plan, design, acquire, construct, install, relocate, redevelop, operate, and maintain nonpotable, and irrigation water systems, including, but not limited to, nonpotable distribution mains and laterals and service lines, together with all necessary, incidental, and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities, whether within or outside of the boundary of the Districts, and (ii) to plan, design, acquire, construct, install, relocate, and maintain potable water distribution mains and laterals and service lines, together with necessary appurtenant facilities, land and easements, and all extensions of and improvements to said facilities, but only within the boundary of such Districts, unless otherwise agreed to in writing at a future date by the Mt Werner Water and Sanitation District (the Mt. Werner District"). All potable water mains and appurtenant water main facilities constructed or installed by the Districts, and all necessary land and easements for such water mains and appurtenances, will be conveyed free of any encumbrances and without charge to the Mt. Werner District after completion and acceptance thereof by such Mt. Werner District in accordance with its Rules and Regulations, and shall thereafter be operated and maintained by the Mt. Werner District. The Districts shall not have the power or authority to construct, install, relocate, redevelop, operate or maintain potable water storage and/or potable water treatment facilities. The Districts shall not have the power or authority to acquire, appropriate, hold, lease, contract for, or own any water right or potable water storage or allocation or delivery right. It is anticipated that each District will own and maintain potable water service lines and appurtenances to such service lines as are constructed by it within developments within the boundary of such District which are not potable water mains under applicable Rules and Regulations of the Mt. Werner District, unless such water service lines and appurtenances are conveyed by such District to owners' associations. It is anticipated that the Districts will own and maintain nonpotable and irrigation water improvements, unless conveyed to the City, other appropriate jurisdiction, or an owners' association. The property within the Service Area overlaps that of the Mt. Werner District. To the extent required by Section 32-1-107, C.R.S., the consent of the Mt. Werner District will be obtained in connection with the organization of the Districts, which consent may be conditioned.

3. Sewer Improvements. The Districts shall have the power and authority (i) to plan, design, acquire, construct, install, relocate, redevelop, operate, and maintain storm drainage systems and detention/retention ponds together with all necessary, incidental, and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities, whether within or outside of the boundary of the Districts, and (ii) to plan, design, acquire, construct, install, relocate, and maintain sanitary sewer collection mains and laterals and service lines, together with

necessary appurtenant facilities, land and easements, and all extensions of and improvements to said facilities, but only within the boundary of such Districts, unless otherwise agreed to in writing at a future date by the Mt Werner District. All sanitary sewer collection mains and appurtenant sewer main facilities constructed or installed by the Districts, and all necessary land and easements for such sanitary sewer mains and appurtenances, will be conveyed free of any encumbrances and without charge to the Mt. Werner District after completion and acceptance thereof by such Mt. Werner District in accordance with its Rules and Regulations, and shall thereafter be operated and maintained by the Mt. Werner District. The Districts shall not have the power or authority to construct, install, relocate, redevelop, operate or maintain sanitary sewer storage or treatment facilities. It is anticipated that each District will own and maintain sanitary sewer service lines and appurtenances to such service lines as are constructed by it within developments within the boundary of such District which are not sanitary sewer mains under applicable Rules and Regulations of the Mt. Werner District, unless such water service lines and appurtenances are conveyed by such District to owners' associations. The property within the Service Area overlaps that of the Mt. Werner District. To the extent required by Section 32-1-107, C.R.S., the consent of the Mt. Werner District will be obtained in connection with the organization of the Districts, which consent may be conditioned.

4. Safety Protection Improvements. The Districts shall have the power and authority to plan, design, acquire, construct, install, relocate, redevelop, operate, and maintain traffic and safety controls and devices on streets, highways and railroad crossings, including, but not limited to, undergrounding utilities, signalization, roundabouts, medians, signage and striping, together with all necessary, incidental, and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities. It is anticipated that the Districts will own and maintain safety protection improvements not conveyed to the City, other appropriate jurisdiction, or an owners' association.

Subject to confirmation of necessity through the traffic study contemplated in the Public Improvements Agreement, approval by the City of corresponding development plans and available funding, it is anticipated the Districts will construct, install, and redevelop safety protection improvements at the following intersections: Mt. Werner Road and Mt. Werner Circle; Mt. Werner Road and Pine Grove Road; Mt. Werner Rd. and Hwy 40; Pine Grove Road and Bangtail Way; and JD Hayes Way and Highway 40. The Districts will own and maintain these safety protection improvements that are not conveyed to the City, another appropriate jurisdiction, or an owners' association.

5. Park and Recreation Improvements. The Districts shall have the power and authority to plan, design, acquire, construct, install, relocate, redevelop, operate, and maintain park and recreation facilities and programs, including, but not limited to, parks, pedestrian ways, bike paths, bike storage facilities, signage, interpretive kiosks and facilities, open space, landscaping, cultural activities, community centers, recreational centers, water bodies, wildlife preservation and mitigation areas, riparian improvements, irrigation facilities, playgrounds, pocket parks, swimming pools, undergrounding utilities, and other active and passive recreational facilities, together with all necessary, incidental, and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities. It is anticipated that the Districts will own and maintain park and recreation improvements not conveyed to the City, other appropriate jurisdiction, or an owners' association.

6. Transportation Improvements. The Districts shall have the power and authority to plan, design, acquire, construct, install, relocate, redevelop, operate, and maintain a system to transport the public by bus, rail, or any other means of conveyance, or any combination thereof, including, but not limited to, bus stops and shelters, park-and-ride facilities, parking facilities, bike storage facilities, together with all necessary, incidental, and appurtenant facilities, land and easements, and all extensions of and improvements to said facilities. It is anticipated that the Districts will own and maintain transportation improvements not conveyed to the City, other appropriate jurisdiction, or an owners' association.

Subject to approval by the City of corresponding development plans and available funding, it is anticipated that the Districts will construct, install, and redevelop transit facilities in the upper area of the current Gondola Transit Center, the Gondola Connection, and at the bottom transit center area at Meadows and Wildhorse. It is anticipated that the Districts will own and maintain the Gondola, and these additional transportation improvements that are not conveyed to the City, other appropriate jurisdiction, or an owners' association.

7. Public Improvements Subject to City Codes and Regulations. The Districts' power and authority to provide for the planning, design, acquisition, construction, installation, relocation, redevelopment, financing, operation, and maintenance of the Public Improvements is subject to the provisions of the CDC and other applicable City regulations. The City's approval of this Service Plan does not constitute agreement to accept the conveyance and dedication of the Public Improvements. The CDC and other applicable City regulations shall govern the dedication and acceptance of the Public Improvements to the City.

D. Other Powers.

1. Security Services. Subject to the provisions of Section 32-1-1004(7), C.R.S., the Districts shall have the power to furnish security services within the Districts.

2. Covenant Enforcement. Subject to the provision of Section 32-1-1004(8), C.R.S., the Districts shall have the power to furnish covenant enforcement and design review services within the Districts.

3. Phasing; Deferral. Except as may be limited herein, and subject to the provisions of the CDC and other applicable City regulations, the Districts shall have the right, without having to amend this Service Plan, to defer, delay, reschedule, re-phase, or restructure the financing and/or construction of the Public Improvements to accommodate the paces of development within the Project, resource availability, and the funding capability of the Districts.

4. Service Plan Amendment. The Districts shall have the authority to amend or modify this Service Plan, as needed, subject to the applicable statutory procedures and the restrictions contained in this Service Plan and in the Intergovernmental Agreement, except and provided that Sections VI-B-2, VI-C-2, and VI-C-3, and the Exhibit E Service Area boundary descriptions and map insofar as Water and Sanitation Services are to be provided, and this Section VI-D-4, shall not be amended or modified without the prior written consent and resolution of the Board of Directors of the Mount Werner Water and Sanitation District.

5. Additional Services. Except as specifically provided herein, the Districts shall be authorized to provide such additional services and exercise such powers as are expressly or impliedly granted by Colorado law.

6. Subdistricts. Upon notice to the City with details regarding the purpose, location, and relationship of the subdistricts or areas, the Districts shall have the authority pursuant to Section 32- 1-1101(1)(f), C.R.S., and Sections 32-1-1101(1.5)(a)-(e), C.R.S., to divide the Districts into one or more areas consistent with the services, programs, and facilities to be furnished therein and any such subdistricts or areas shall be subject to all limitations contained in this Service Plan to the same extent as the Districts; provided that the Total Debt Issuance Limit shall be a combined limit for the Districts and any subdistricts, and the Maximum Debt Mill Levy and Operations and Maintenance Mill Levy shall be combined caps for the District and any subdistrict or area contained within its boundaries. The exercise of such authority shall not be deemed a material modification of this Service Plan but shall require the consent of the City Council by resolution.

7. Special Improvement District. With the prior written consent of the City, the Districts shall have the authority pursuant to Section 32-1-1101.7, C.R.S., to establish one or more special improvement districts within the boundaries of the Districts, including the power to levy assessments, and issue special assessment bonds.

8. Intergovernmental Agreements. The Districts shall have the authority to enter into such intergovernmental agreements as may be necessary to perform the functions to which the Districts have been organized, including the provision of Public Improvements required by any Approved Development Plan.

E. Estimate of Public Improvement Costs.

An estimate of the costs of the Public Improvements which may be planned for, designed, acquired, constructed, installed, relocated, redeveloped, maintained or financed was prepared based upon a preliminary engineering survey and estimates derived from the zoning on the property in the Districts and is approximately \$100,000,000. All construction cost estimates are based on the assumption that construction conforms to applicable local, State or Federal requirements. Actual Public Improvements to be constructed and their costs may vary, and each Board shall have the discretion to construct any Public Improvements authorized in an Approved Development Plan and increase or decrease the costs of any category of Public Improvements to serve the Project as development occurs without the necessity of amending this Service Plan.

## **VII. FINANCIAL PLAN**

A. General.

The Districts shall be authorized to provide for the planning, design, acquisition, construction, installation, relocation and/or redevelopment of the Public Improvements from their revenues and by and through the proceeds of Debt to be issued by the Districts. The Financial Plan

for the Districts shall be to issue such Debt as the Districts can reasonably pay from revenues derived from the Maximum Debt Mill Levy, Fees and other legally available revenues. The total Debt that each District shall be permitted to issue shall not exceed the Total Debt Issuance Limit (provided that such limit is a combined limit for the Districts) and shall be permitted to be issued on a schedule and in such year or years as the issuing District determines shall meet the needs of the Financial Plan referenced above and phased to serve development as it occurs. All bonds and other Debt issued by the Districts may be payable from any and all legally available revenues of the Districts, whether generated by the Districts directly, or pledged to them by others, including general *ad valorem* taxes to be imposed upon all Taxable Property within the Districts (and associated specific ownership tax revenues) and Fees. The Districts will also rely upon various other revenue sources authorized by law. These revenue sources will include, but not be limited to, the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(1), C.R.S., as amended from time to time, and to receive revenue from privately imposed public improvement fees, if applicable, all subject to the limitations contained in this Service Plan and the Intergovernmental Agreement. The Financial Plan attached hereto as **Exhibit F** provides hypothetical assumptions for financing the Public Improvements and is provided for illustrative purposes only. Subject to the limitations set forth herein, each District shall be permitted to issue Debt on a schedule and in such years as the District determines shall meet the needs of the District and phased to serve development as it occurs.

At least 45 days prior to issuing any Debt, the issuing District must provide notice of its intent to issue Debt to the City Attorney. At least 35 days prior to issuing any Debt, the issuing District must submit all available relevant details of such issuance to the City Attorney, including the drafts of the proposed documents pursuant to which such Debt will be issued (such as resolutions, indentures of trust, and offering documents). On or before the date of issuance of any Debt, the issuing District must provide the City Attorney with a letter dated the day of issuance of such Debt prepared by the District's counsel to the effect that the issuance of the Debt complies with the provisions of this Service Plan, the City Code and applicable State law.

No District shall issue Debt prior to: (i) the approval by the City Council of an Approved Development Plan for a portion of the Project, and (ii) the execution of the Public Improvements Agreement, and either (iii) the satisfaction, substantial completion or waiver of all Contingencies set forth in the Public Improvements Agreement, as evidenced by a certificate from the SSRA delivered to the Districts; or (iv) payment in full of any reimbursement due and owing from SSRC to SSRA under Section IV(d) of the Public Improvements Agreement.

Prior to the issuance of Debt, it is anticipated that the Developer may advance funds to the Districts to pay the organizational costs of the Districts, administrative costs to maintain statutory compliance, and costs for constructing and installing Public Improvements. The Districts shall be authorized to reimburse such Developer advances with interest from Debt proceeds or other legally available revenues; provided, however that interest on Developer advances shall be calculated as simple interest.

**B. Maximum Voted Interest Rate and Maximum Underwriting Discount.**

The interest rate on any Debt is expected to be the market rate at the time the Debt is issued. The maximum interest rate on any Debt, including upon the occurrence of an event of a

default, shall not exceed eighteen percent (18%). The maximum underwriting discount will not exceed five percent (5%). Debt, when issued, will comply with all relevant requirements of this Service Plan, State law and Federal law as then applicable to the issuance of public securities.

C. Maximum Debt Mill Levy.

The “Maximum Debt Mill Levy” shall be the maximum mill levy each District is permitted to impose upon the Taxable Property within such District for payment of Debt and the Base Area Contribution, and shall be determined as follows:

1. With respect to each District, for any District Debt which exceeds fifty percent (50%) of the District’s assessed valuation, the Maximum Debt Mill Levy for such portion of Debt and the Base Area Contribution shall be 50 mills less the number of mills necessary to pay unlimited mill levy Debt described in Section VII.C.2 below; provided that if, on or after January 1, 2023, there are changes in the method of calculating assessed valuation or any constitutionally mandated tax credit, cut or abatement; the mill levy limitation applicable to such Debt may be increased or decreased to reflect such changes, such increases or decreases to be determined by the Board in good faith (such determination to be binding and final) so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted for changes occurring after January 1, 2023, are neither diminished nor enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation shall be deemed to be a change in the method of calculating assessed valuation.

2. With respect to each District, for any District Debt which is equal to or less than fifty percent (50%) of the District’s assessed valuation, either on the date of issuance or at any time thereafter, the mill levy to be imposed to repay such portion of Debt shall not be subject to the Maximum Debt Mill Levy and, as a result, the mill levy may be such amount as is necessary to pay the debt service on such Debt, without limitation of rate.

3. For purposes of the foregoing, once Debt has been determined to be within Section VII.C.2 above, so that each District is entitled to pledge to its payment an unlimited *ad valorem* mill levy, each District may provide that such Debt shall remain secured by such unlimited mill levy, notwithstanding any subsequent change in that District’s Debt to assessed ratio. All Debt issued by the Districts must be issued in compliance with the requirements of Section 32-1-1101, C.R.S. and all other requirements of State law.

To the extent that a District is composed of or subsequently organized into one or more subdistricts as permitted under Section 32-1-1101, C.R.S., the term “District” as used herein shall be deemed to refer to each District and to each such subdistrict contained within such District combined, so that each of the subdistricts shall be treated as a combined with the District within which it has been formed for purposes of the Maximum Debt Mill Levy and Operation and Maintenance Mill Levy limits.

D. Maximum Debt Mill Levy Imposition Term.

With respect to each District, said District shall not impose a debt mill levy which exceeds 40 years after the year of the initial imposition of a debt mill levy by such District for the

payment of Debt. For the avoidance of doubt, a debt mill levy imposed for the payment of the Base Area Contribution shall not commence the tolling of the Maximum Debt Mill Levy Imposition Term.

E. Debt Repayment Sources.

The Districts may impose a mill levy on Taxable Property within their boundaries as a source of revenue for repayment of debt service and for operations and maintenance. The Districts may also rely upon various other revenue sources authorized by law. At each District's discretion, these revenue sources may include, but not be limited to, the power to assess Fees, rates, tolls, penalties, or charges as provided in Section 32-1-1001(l), C.R.S., as amended from time to time, subject to the limitations contained in this Service Plan and in the Intergovernmental Agreement. In no event shall the debt service mill levy in the District exceed the Maximum Debt Mill Levy, except as provided in Section VII.C above.

Any amount of principal and/or accrued interest on Debt that remains unpaid upon the expiration of the Maximum Debt Mill Levy Imposition Term shall be deemed to be forever discharged on the Termination Date regardless of the amount of principal and interest paid prior to the Termination Date.

F. Debt Instrument Disclosure Requirement.

In the text of each bond and any other instrument representing and constituting Debt, the issuing District shall set forth a statement in substantially the following form:

By acceptance of this instrument, the owner of this Bond agrees and consents to all of the limitations in respect of the payment of the principal of and interest on this Bond contained herein, in the resolution of the District authorizing the issuance of this Bond and in the Service Plan for creation of the District.

Similar language describing the limitations in respect of the payment of the principal of and interest on Debt set forth in this Service Plan shall be included in any document used for the offering of the Debt for sale to persons, including, but not limited to, a developer of property within the boundaries of the District.

G. Security for Debt.

The Districts shall not pledge any revenue or property of the City as security for the indebtedness set forth in this Service Plan. Approval of this Service Plan shall not be construed as a guarantee by the City of payment of any of the Districts' obligations; nor shall anything in the Service Plan be construed so as to create any responsibility or liability on the part of the City in the event of default by a District in the payment of any such obligation.

H. District Operating Costs.

The estimated cost of acquiring land, engineering services, legal services and administrative services, together with the estimated costs of each District's organization and initial operations, are anticipated to be \$200,000, which will be eligible for reimbursement from Debt proceeds.

In addition to the capital costs of the Public Improvements, the Districts will require operating funds for administration and to plan and cause the Public Improvements to be constructed and maintained. Each District's first year's operating budget is estimated to be \$150,000, which is anticipated to be derived from property taxes and other revenues. The Maximum Debt Mill Levy for the repayment of Debt shall not apply to each District's ability to increase its Operations and Maintenance Mill Levy as necessary for provision of operation and maintenance services to its taxpayers and service users, subject to the limitations set forth in Section VI.B.3.

It is anticipated that the Developer will advance funds to the Districts to pay their operating costs until such time as the Districts have sufficient revenue from its operation and maintenance mill levies. The Districts shall be authorized to reimburse the Developer for such advances with interest; provided, however that interest on Developer advances shall be calculated as simple interest.

Failure to observe the requirements established in this Section VII. shall constitute a material modification pursuant to Section 32-1-207, C.R.S. and shall entitle the City to all remedies available at law and in equity.

## **VIII. ANNUAL REPORT**

### **A. General.**

The Districts shall be responsible for submitting an annual report to the City no later than August 1st of each year following the year in which the Orders and Decrees creating the Districts have been issued.

### **B. Board Meetings.**

Each Board shall hold at least one public board meeting in three of the four quarters of each calendar year, beginning in the first full calendar year after each District's creation. This meeting requirement shall not apply until there is at least one End User of property within the District. Also, this requirement shall no longer apply when a majority of the directors on each Board are End Users. All board meetings shall be held and notice for each of these meetings shall be given in accordance with the requirements of the Special District Act and other applicable State Law.

### **C. Report Requirements.**

Unless waived in writing by the City Manager, the Districts' consolidated annual report must include the following:

1. Narrative. A narrative summary of the progress of each District in implementing its Service Plan for the report year.

2. Financial Statements. Except when an exemption from audit has been granted for the report year under the Local Government Audit Law, the audited financial statements of each District for the report year including a statement of financial condition (i.e., balance sheet) as of December 31 of the report year and the statement of operation (i.e., revenue and expenditures) for the report year.

3. Capital Expenditures. Unless disclosed within a separate schedule to the financial statements, a summary of the capital expenditures incurred by each District in development of improvements in the report year.

4. Financial Obligations. Unless disclosed within a separate schedule to the financial statements, a summary of financial obligations of each District at the end of the report year, including the amount of outstanding Debt, the amount and terms of any new District Debt issued in the report year, the total assessed valuation of all Taxable Property within the Districts' Boundaries as of January 1 of the report year, and the current total each District mill levy pledged to Debt retirement in the report year.

5. Board Contact Information. The names and contact information of the current directors on each Board, any District manager, and general counsel shall be listed in the report. Each District's current office address, phone number, email address and any website address shall also be listed in the report.

D. Reporting of Significant Events.

The annual report shall include information as to the following:

1. Boundary changes made or proposed to each District's boundaries as of December 31 of the prior year;

2. Intergovernmental Agreements either entered into or proposed as of December 31 of the prior year;

3. Access information to obtain a copy of rules and regulations adopted by each Board;

4. A summary of any litigation which involves each District's Public Improvements as of December 31 of the prior year;

5. Status of each District's construction of the Public Improvements as of December 31 of the prior year;

6. A list of all facilities and improvements constructed by each District that have been dedicated to and accepted by the City as of December 31 of the prior year;

7. The assessed valuation of each District for the current year;
8. Current year budget;
9. Audit of each District's financial statements, for the year ending December 31 of the previous year, prepared in accordance with generally accepted accounting principles or audit exemption, if applicable;
10. Notice of any uncured defaults existing for more than ninety days under any debt instrument of each District; and
11. Any inability of each District to pay its obligations as they come due under any obligation which continues beyond a ninety-day period.

## **IX. TRANSPARENCY**

The Districts shall be responsible for maintaining a publicly accessible website with each District's information for purposes of further public transparency.

### **A. Standard Reporting Requirements.**

The website shall include the following and all of the information required under Section 32-1-104.5, and any other future state laws and/or regulations:

1. The District's name.
2. Official contact information for District mailings or other communication.
3. The names, terms, and contact information for the current directors of the Board of the District and of the manager of the District, if applicable.
4. The current fiscal year budget of the District and, within thirty days of adoption by the Board, any amendments to the budget;
5. The prior year's audited financial statements of the District, if applicable, or an application for exemption from an audit prepared in accordance with the "Colorado Local Government Audit Law", part 6 of article 1 of title 29, within thirty days of the filing of the application with the state auditor;
6. The annual report of the District in accordance with section 32-1-207 (3)(c);
7. By January 30 of each year, the date, time, and location of scheduled regular meetings of the District's Board for the current fiscal year;

8. If required by section 1-13.5-501 (1.5), by no later than seventy-five days prior to a regular election for an election at which members of the Board will be considered, the call for nominations pursuant to section 1-13.5-501 (1);

9. Not more than thirty days after an election, certified election results for an election conducted within the current fiscal year;

10. A current map depicting the boundaries of the metropolitan District as of January 1 of the current fiscal year; and

11. Any other information deemed appropriate by the Board.

The Districts may establish and maintain a consolidated website provided the website clearly identifies each District and provides the required information specified in above in paragraphs 1-11 of this Article IX for each District.

The District shall keep the information updated in a timely manner. The District shall update the information within 30 days of when the information becomes known to the District. The Districts shall provide the City with the website Uniform Reference Locator (URL) within 12 months of the Districts' organizational meeting the Districts and within 7 days of any change to the URL.

## **X. MATERIAL MODIFICATION**

Material modifications to this Service Plan may be made only in accordance with C.R.S. Section 32-1-207 as a Service Plan Amendment. No modification shall be required for an action of the Districts that does not materially depart from the provisions of this Service Plan, unless otherwise provided in this Service Plan.

## **XI. DISSOLUTION**

In no event shall a District be dissolved until such District has provided for the payment or discharge of all of its outstanding indebtedness and other financial obligations as required pursuant to State statutes.

## **XII. REQUIRED DISCLOSURES**

Each District will use reasonable efforts to assure that all developers of the property located within the Districts will provide written notice to all purchasers of property in the Districts, prior to the execution of any contract for the purchase of property in the Districts, regarding the Maximum Debt Mill Levy, as well as a general description of the Districts' authority to impose and collect rates, Fees, tolls and charges. The form of notice shall be filed with the City prior to the initial issuance of Debt by a District. The form of notice shall substantially comply with the Model Notice (**Exhibit I**). Any public disclosures, to purchasers or otherwise, shall comply with

state law as currently in effect or as hereafter amended.

### **XIII. INTERGOVERNMENTAL AGREEMENT**

The form of the Intergovernmental Agreement required by this Service Plan, relating to the limitations imposed on the Districts is attached hereto as **Exhibit H**. The Districts shall approve the Intergovernmental Agreement in the form attached as **Exhibit H** at their first Board meeting after their organizational election. The Intergovernmental Agreement shall be executed by the President of the Board at the first Board meeting after their organizational election and submitted to the City Attorney for review and execution by the City. Failure of the Districts to execute the Intergovernmental Agreement as required herein shall constitute a material modification and shall require a Service Plan Amendment. The City Council will approve the Intergovernmental Agreement in the form attached as **Exhibit H** at the public hearing as part of approving this Service Plan.

### **XIV. CONCLUSION**

It is submitted that this Service Plan for the Districts, as required by Section 32-1-203(2), C.R.S. establishes that:

- A. There is sufficient existing and projected need for organized service in the area to be serviced by the Districts;
- B. The existing service in the area to be served by the Districts is inadequate for present and projected needs;
- C. The Districts are capable of providing economical and sufficient service to the area within their proposed boundaries; and
- D. The area to be included into one or more of the Districts has, and will have, the financial ability to discharge the proposed indebtedness on a reasonable basis.

### INTERGOVERNMENTAL AGREEMENT

THIS INTERGOVERNMENTAL AGREEMENT is made and entered into by and among the City of Steamboat Springs, Colorado, a home rule municipal corporation of the State of Colorado (the “City”), and Mountain Area Metropolitan District Nos. 1-6, each a quasi-municipal corporation and political subdivision of the State of Colorado (the “Districts”).

### RECITALS

WHEREAS, the Districts were organized to provide those services and to exercise those powers as are more specifically set forth in the Districts’ Service Plan dated \_\_\_\_\_, 2023, as amended from time to time by City approval (the “Service Plan”); and

WHEREAS, the Service Plan requires the execution of an intergovernmental agreement between the City and the Districts; and

WHEREAS, the City and the Districts are authorized by Article XIV of the Colorado Constitution and Title 29, Article 1, Part 2, C.R.S., to cooperate and contract with one another to provide any function, service or facility lawfully authorized to each governmental entity; and

WHEREAS, the City and the Districts have determined it to be in their best interests to enter into this Intergovernmental Agreement (“Agreement”); and

NOW, THEREFORE, for and in consideration of the covenants and mutual agreements herein contained, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

### COVENANTS AND AGREEMENTS

1. Incorporation by Reference. The Service Plan and Article VII of the City Code (the “City Code”) are hereby incorporated in this Agreement by this reference. The Districts agree to comply with all provisions of the Service Plan, as it may be amended from time to time in accordance with the provisions thereof, the City Code, as amended from time to time, and Title 32, Article 1, C.R.S., as amended from time to time (the “Special District Act”). The Districts agree to comply with and are subject to all of the City’s zoning, subdivision, building code and other land use requirements.

2. Maintenance of Public Improvements. The Districts agree that they shall fulfill the maintenance responsibilities assigned to the Districts under the Public Improvements Agreement dated as of August 22, 2023, by and among the City, the Steamboat Springs Redevelopment Authority and the Steamboat Ski and Resort Corporation (the “Public Improvements Agreement”) as amended from time to time.

3. Base Area Contribution. The Districts agree to pay the Base Area Contribution (as defined in the Public Improvements Agreement) to either the Steamboat Spring Redevelopment Authority (the “SSRA”) or its designee, in accordance with and subject to the terms and conditions of

the Public Improvement Agreement. The Parties agree that the Districts shall be authorized to issue bonds on a senior basis to the District's Base Area Contribution obligation as part of their initial issuance in an amount sufficient to generate a project fund of \$30,000,000 in order to fund the SSRC Scope (as defined in the Public Improvements Agreement); provide that any amounts generated above an amount sufficient to generate a project fund of \$30,000,000 shall be used first to pay the Base Area Contribution until such obligation is paid in full. The Parties agree that the Districts shall be authorized to issue a second round of bonds provided that the Districts remit an amount of bond proceeds or other legally available revenues sufficient to satisfy the remaining balance of Base Area Contribution to the SSRA or its designee upon the issuance of such bonds.

4. Notice to Property Owners. The Districts agree that to record a Notice of Inclusion in Metropolitan District substantially in the form attached to Exhibit I of the Service Plan on all property located within each District's boundaries.

5. Enforcement. The parties agree that this Agreement may be enforced in law, or in equity by specific performance, injunctive, or other appropriate relief. The parties also agree that this Agreement may be enforced pursuant to the City Code, Section 32-1-207, C.R.S. and other provisions of the Special District Act granting rights to municipalities approving a service plan of a special district.

6. Outside Review and Additional Costs. Subject to appropriation by the Districts, the Districts agree to pay all costs that the City may reasonably incur in retaining outside counsel or consultants for the purpose of reviewing the Service Plan and any relevant materials, as well as any additional reasonable costs incurred by the City, which are directly related to a request by the Districts for the City's interpretation of the Service Plan, any amendment to the Service Plan or a material modification of the Service Plan. The Districts shall notify the City whether they have appropriated funds for such costs prior to review by the City of any request by the Districts for the City's interpretation of the Service Plan, any amendment to the Service Plan or a material modification of the Service Plan.

7. Entire Agreement of the Parties. This Agreement, together with the Service Plan and, to the extent assigned to the Districts, the Public Improvements Agreement, constitutes the entire agreement between the parties and supersedes all prior written or oral agreements, negotiations, or representations and understandings of the parties with respect to the subject matter contained herein.

8. Amendment. This Agreement may be amended, modified, changed, or terminated in whole or in part only by a written agreement duly authorized and executed by the parties hereto.

9. Governing Law; Venue. The internal laws of the State of Colorado shall govern the interpretation and enforcement of this Agreement, without giving effect to choice of law or conflict of law principles. The parties hereby submit to the jurisdiction of and venue in the district court in Routt County, Colorado. In any proceeding brought to enforce the provisions of this Agreement, the prevailing party therein shall be entitled to an award of reasonable attorneys' fees, actual court costs and other expenses incurred.

10. Beneficiaries. Except as otherwise stated herein, this Agreement is intended to describe the rights and responsibilities of and between the named parties and is not intended to, and shall not be deemed to confer any rights upon any persons or entities not named as parties.

11. Effect of Invalidity. If any portion of this Agreement is held invalid or unenforceable for any reason by a court of competent jurisdiction as to either party or as to both parties, such portion shall be deemed severable and its invalidity or its unenforceability shall not cause the entire agreement to be terminated.

12. Assignability. Neither the City nor the Districts shall assign their rights or delegate their duties hereunder without the prior written consent of the other party.

13. Successors and Assigns. This Agreement and the rights and obligations created hereby shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns.

**EXHIBIT I**

**Model Notice**

**NOTICE OF INCLUSION IN METROPOLITAN DISTRICT AND POSSIBLE PROPERTY TAX CONSEQUENCES**

Legal description of the property;

See Exhibit A attached hereto and incorporated by reference

This property is located in the following metropolitan district:

[NAME OF DISTRICT] (the “District”)

The District’s Service Plan (the “Service Plan”) and intergovernmental agreement between the District and the City of Steamboat Springs, which can be amended from time to time, include descriptions of the District’s powers, authority and limitations. A copy of the Service Plan is available from the Division of Local Government in the Colorado Department of Local Affairs. A copy of the Intergovernmental Agreement is available from the District or the City of Steamboat Springs.

The District is authorized by Title 32, Article 1, Colorado Revised Statutes, to use a number of methods to raise revenues for capital needs and general operations costs. These methods, subject to certain limitations imposed by Section 20 of Article X of the Colorado Constitution and the Service Plan, include issuing debt, levying taxes, and imposing fees, tolls and charges. The maximum debt mill levy that can be imposed by the District is 50 mills, subject to adjustment as provided in the Service Plan. The maximum mill levy that the District can impose for operations and maintenance is 10 mills, subject to adjustment as provided in the Service Plan.

Information concerning directors, management, meetings, elections, and current taxes are provided annually in the Notice to Electors described in Section 32-1-809(1), Colorado Revised Statutes, which can be found at the District office, on the District’s website, on file at the Division of Local Government in the Colorado Department of Local Affairs, or on file at the office of the Clerk and Recorder of each county in which the District is located.

In addition to standard property tax identified on the next page, this property is subject to a metropolitan district mill levy (another property tax) of up to:

[ ] mills (total for debt service and operations and maintenance), subject to adjustment, as described in the Service Plan

[include if commercial property is included in the District] Based on the property’s inclusion in the District, a commercial parcel with a sale price of \$[ ] could result in ADDITIONAL annual property taxes up to;

\$[\_\_\_\_\_]

[include if residential property is included in the District] Based on the property's inclusion in the District, a residential parcel with a sale price of \$[\_\_\_\_\_] could result in ADDITIONAL annual property taxes up to;

\$[\_\_\_\_\_]

[include if commercial property is included in the District] Additionally, based on estimated growth of [\_\_]% in assessed value upon biennial reassessment, as reflected in the Financial Plan attached as Exhibit F to the Service Plan, a commercial parcel with a sale price of \$[\_\_\_\_\_] would be valued at \$[\_\_\_\_\_] after the first biennial reassessment, and the property's inclusion in the District could result in HIGHER annual property taxes after the first reassessment up to;

\$[\_\_\_\_\_]

[include if residential property is included in the District] Additionally, based on estimated growth of [\_\_]% in assessed value upon biennial reassessment, as reflected in the Financial Plan attached as Exhibit F to the Service Plan, a residential parcel with a sale price of \$[\_\_\_\_\_] would be valued at \$[\_\_\_\_\_] after the first biennial reassessment, and the property's inclusion in the District could result in HIGHER annual property taxes after the first reassessment up to;

\$[\_\_\_\_\_]

*The Financial Plan estimates that the assessed value of property in the District will grow by [\_\_]% upon each biennial reassessment, which could result in HIGHER property taxes each time the property is reassessed, despite the imposition of the same number of mills.*

The next page provides examples of estimated total annual property taxes that could be due on this property, first if located outside the District and next if located within the District. **Note: property that is not within the District would not pay the ADDITIONAL amount.**

The District's Board of Directors can be reached as follows;

You may wish to consult with: (1) the Routt County Assessor's Office to determine the specific amount of District property taxes currently due on this property; and (2) the District's Board of Directors to determine if the Service Plan has been amended.

ESTIMATE OF PROPERTY TAXES

**Annual Tax Levied on Commercial Property with \$[\_\_\_\_] Actual Value Without the District Mill Levy:**

| Taxing Entity | Mill Levies (20__**) | Annual Tax Levied Without Growth in Assessed Value | Estimated Tax Levied in 20__ Assuming __% Growth at Biennial Reassessment |
|---------------|----------------------|----------------------------------------------------|---------------------------------------------------------------------------|
|               |                      | \$                                                 | \$                                                                        |
| <b>TOTAL</b>  |                      | \$                                                 | \$                                                                        |

**Annual Tax Levied on Commercial Property with \$[\_\_\_\_] Actual Value With the District Mill Levy (Assuming Maximum District Mill Levy):**
